

I appreciate the strict, restrictive wisconsin no-call list.

It allows for strong family values. We are able to gather together for uninterrupted family time at dinner (evening meal) time. For years we were interrupted, usually a few times a week, by unsolicited callers.

We would like to continue strengthening our family values by having peaceful, uninterrupted dinners.

Please do not weaken the rules of the wisconsin no-call list. Our household knows how to shop for services/goods we need.

Thank you.
